**\*\*\*TYPICAL FOUR-HOUR PERFORMANCE SCHEDULE:** As guests arrive and assemble, band plays light background music. Towards the latter part of this 1st hour, the wedding party is assembled and introduced, the bridal dance is performed, followed by best man's toast and blessing leading into the dinner hour.

For this second hour, Classified provides CD dinner music while having dinner as guests of the bride & groom. Next, coinciding with the serving of dessert, the cutting of the cake typically kicks off the third hour leading into any pre-selected special dances and traditions. From this point forward, Classified provides dance music and entertainment.

A short 15-20 minute break may be taken within these last two hours (only if appropriate and time allows).

Classified serves as Master of Ceremonies throughout the event and will gladly make any special announcements.
